welcomemessages

Steve Hudson
Acting President

On behalf of the staff, faculty, students and Board of Governors of Niagara College, I would like to take this opportunity to congratulate the Niagara College Knights on another successful year.

As student-athletes, you enhance the College experience by giving us something to cheer for, and by striving for excellence on and off the courts and fields of play. You are tremendous ambassadors for our college throughout our community and across our province.

I would also like to congratulate and thank the athletics staff, dedicated coaches and volunteers, fans and sponsors for your generous contribution to the development and success of our student athletes and our athletics program.

Congratulations on a great season, and best wishes in all of your future endeavors.

Steve Hudson Ph.D.
Acting President

Student Services

The 2011-2012 Varsity Athletic year brought many reasons for our student-athletes, coaches, fans, and Niagara College Department staff to feel proud. With over 120 games played at home and away, our talented Knights were active and successful on many fronts, including: 1st and 2nd team All-Star accolades for student athletes, Western Region Rookie of the Year and Defensive Player of the Year Awards in Men's Basketball, a Western Region Coach of the Year Award for Women's Volleyball rookie coach Joey Martins, and the Hap Holman Fair Play Award in provincial Curling. And we already look forward to the 2012/13 Varsity season, having won our bid to host the Canadian Collegiate Athletic Association (CCAA) National Men's Volleyball Championships in March 2013 – the excitement continues.

A sincere thank you to everyone associated with Niagara College Athletics – players, coaches, team staff, student staff, volunteers, Niagara College Athletic Department staff, and of course our dedicated and growing Knights family of campus and community-based fans and partners.

"I've always believed that if you put in the work, the results will come."
-Michael Jordan

This theory can, of course, be applied to all aspects of life – athletics, education, careers – anything of importance. It is a fundamental rule of success.

I like to believe that being involved in Niagara College's intercollegiate athletic programs reinforce that foundation for success. As well, the education in life skills and commitment to learning has been front and centre for all our programs. This is very evident when you look at the long list of our student-athletes who are recipients of the OCAA All-Academic Awards presented at our 43rd Annual Athletic Awards Banquet. We take great pride in the achievements of our student-athletes in their respective sports, but more importantly, in their academic progress. We strongly believe that success in the classroom translates to success on the court/field of play.

We congratulate you on your personal achievements whether in the classroom or on the court of play.

STEVE ATKIN

Congratulations to Steve Atkin, head coach of the Men's Basketball team, this year's winner of the Ralph Nero Memorial Award.

The annual award is presented to a Niagara College coach for his or her outstanding contribution to student-athlete recruitment and retention.

The award is named in memory of the late Ralph Nero, who coached Men's Basketball at Niagara College from 1999-2007. No one worked harder or gave more of his personal time than Coach Nero when it came to recruiting and preparing student-athletes for life on and off the court.
